INVITATION

With great pride and honor, the Department of Nursing at Rajiv Gandhi Cancer Institute & Research Centre (RGCI&RC) Delhi, announces a two day international Nursing Conference to be held on November 3rd & 4th, 2023.

The theme of the conference is: **Shaping the Future of Cancer Care: Innovations and Best Practices in Oncology Nursing.**

Oncology nursing plays a crucial role in providing comprehensive care to individuals affected by cancer. Currently, oncology nurses are actively involved in patient education, treatment administration, symptom management, and emotional support. However, the future of oncology nursing holds immense potential for further growth and transformation.

Advancements in personalized medicine, integration of technology, precision nursing, survivorship care, interdisciplinary collaboration, and continuous research and education will shape the future of this field. Emotional support and patient advocacy will remain fundamental, ensuring holistic care. As we look ahead, oncology nursing will continue to evolve, embracing innovation and patient-centered approaches to enhance cancer care and improve patient outcomes.

In this background, the Department of Nursing of RGCI & RC has planned the Academic Feast for the Nursing Fraternity. NURSICON provides a global platform for idea exchange and keeps up-to-date on the most recent innovations in nursing care and education. We cordially invite you to participate in this event and make the most use of the vast knowledge and experience of the learned faculty. This is an opportunity for all nursing colleagues as well as nursing trainees to update themselves.

We look forward to maximum participation from your prestigious Institute/Hospital in the program.

You are requested to register early.

Thank You
Warm Regards.
Chairperson Organizing Committee
Col Madhumita Dhall
Director of Nursing –RGCI&RC

HIGHLIGHTS
